Summary

Junior Web Developer specialized in React, TypeScript, and Next.js. Hands-on experience building full-stack applications using MySQL, Prisma, and Docker through personal projects that follow best practices. Eager to join a team where I can contribute to modern web development and continue growing as a software engineer.

Experience

NTT DATA

JUNIOR SOFTWARE CONSULTANT

Feb. 2026 - Aug. 2026

- Investigated and resolved application incidents involving complex business logic in an enterprise software system.
- Performed **technical analysis** of user stories, identifying implementation requirements and required code changes.
- Developed application features and improvements primarily using **JavaScript**.
- Developed and modified backend business logic using **C# plugins**.
- Worked with technical and functional team members throughout development, testing, and issue resolution.

Skills

- Frontend:** React, Next.js, TypeScript, JavaScript, Tailwind CSS
- Backend:** Node.js, Express, Prisma ORM, MySQL
- Tools:** Docker, Git, Playwright
- Other:** REST APIs, Responsive Design, Agile Workflows

Projects

Personal Project

COOKSPACE — FULL-STACK RECIPE PLATFORM - GITHUB.COM/ANDREFNM/RECIPES-APP

2025

- A full-stack recipe-sharing platform built with **React**, **TypeScript**, and **Next.js**.
- Implements **RESTful APIs**, built with **MySQL** and containerized with **Docker**.
- Features include recipe browsing, search, user registration/login, recipe creation/editing, write comments and password recovery via email.
- Frontend styled using **Tailwind CSS** with responsiveness and performance in mind (lazy loading, code-splitting).
- Automated tests with **Playwright**

Personal Project

COMPANY DASHBOARD — EMPLOYEE MANAGEMENT APP - GITHUB.COM/ANDREFNM/COMPANY-DASHBOARD

2025

- A full-stack internal tool to manage employees, vacation tracking, and account details.
- Developed with **Next.js**, **React**, and **TypeScript**
- Authentication handled with **NextAuth**, data managed with **MySQL 8** and **Prisma ORM**.
- Modern and responsive UI using **Tailwind CSS**; development environment Dockerized for consistency.

Education

Lusófona University

B.SC. IN COMPUTER SCIENCE

Porto, Portugal

Oct. 2020 - Jun. 2024

Udemy

REACT - THE COMPLETE GUIDE 2025 (INCL. NEXT.JS, REDUX)
